PROFESSIONAL SUMMARY

Computer Science Engineering graduate with a strong interest in Data Analytics and Data Science. Skilled in Python and SQL, with knowledge of statistical analysis, data visualization, and machine learning fundamentals. Passionate about transforming raw data into meaningful insights and solving real-world problems through data-driven approaches.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering — **Nov 2021 - Apr 2025**
Vel Tech Multi Tech | CGPA: 6.98/10

Higher Secondary Certificate (HSC) — **May-2021**
Jawahar Matric School | 81%

Secondary School Leaving Certificate (SSLC) — **March-2019**
Jawahar Matric School | 75%

TECHNICAL SKILLS

- Programming: Python, SQL
- Data Analytics: Data Cleaning, EDA, Statistical Analysis, Data Interpretation
- Visualization: Excel, Power BI, Tableau, Matplotlib, Seaborn
- Machine Learning: Linear Regression, Logistic Regression, Feature Engineering, Model Evaluation
- Libraries: Pandas, NumPy, Scikit-learn, Statsmodels

PROJECTS

EMPLOYEE RETENTION PREDICTION

Tech Stack: Python, Pandas, NumPy, Scikit-learn, Statsmodels
Developed a machine learning classification model to predict employee attrition using a dataset of approximately 74,610 records. Applied data preprocessing, statistical analysis, and Recursive Feature Elimination (RFE) to identify relevant predictors, achieving a ROC-AUC score of 0.8261.

FOOD DELIVERY TIME PREDICTION

Tech Stack: Python, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn
Built a Linear Regression model to estimate food delivery times through exploratory data analysis, feature engineering, and outlier treatment. Evaluated predictive performance using R^2 and RMSE, achieving an R^2 score of approximately 0.859.

INTERNSHIP EXPERIENCE

WEB DEVELOPMENT INTERN | VIMKES TECHNOLOGIES **March 2024 – April 2024**

Developed responsive web pages using HTML, CSS, and JavaScript, focusing on website functionality, layout, and user experience. Assisted in implementing front-end features, testing web pages across different screen sizes, and troubleshooting technical issues. Collaborated with team members to understand project requirements and deliver functional web solutions.

CERTIFICATIONS

Advanced Certificate Programme in Data Science — IIIT Bangalore

Specialization in Business Intelligence and Data Analytics, covering Python for Data Science, Introduction to Machine Learning, and Advanced Databases and Big Data Analytics. Developed foundational knowledge of data analysis, programming, machine learning concepts, database management, and big data technologies.
